**Re: Multi-Pathway Risk Assessment Report – Air Modeling Report Submission for the Part B Permit Application for the Renewal of the Hazardous Waste Subpart O Explosive Waste Incinerator Permit – Approval
Radford Army Ammunition Plant (RAAP), Radford, Virginia
EPA ID#: VA1210020730**

Dear Mr. Hawks:

The Virginia Department of Environmental Quality's Office of Financial Responsibility and Waste Programs (DEQ) has completed the review of the Radford Army Ammunition Plant (RAAP) facility's *Air Modeling Report for the Radford Army Ammunition Plant Hazardous Waste Incinerators* (EWI Air Modeling Report), dated December, 2019 and received on December 16, 2019. The EWI Air Modeling Report was submitted in response to the *Air Modeling Protocol Submission for the Part B Permit Application for the Renewal of the Hazardous Waste Subpart O Explosive Waste Incinerator Permit – Approval* letter dated November 4, 2019.

DEQ has no comments on the EWI Air Modeling Report and the document is now approved. The RAAP facility shall now begin to conduct the human health risk assessment for the EWI Multi-Pathway Risk Assessment Report per the approved timeline in the August 14, 2019 approval letter from DEQ.

If you have any questions concerning the information provided in this letter, please contact me at (804) 698-4467 or by email at Ashby.Scott@deq.virginia.gov.

Mr. Jody Hawks
